### All In: Committing to What Matters Most

For this series of devotionals, we're slowing down and looking at different passages of Scripture to hone our focus of being All In on family, marriage, God, and the Kingdom as a church.

We'll be using the classic S.O.A.P. method to look at our verses each day. S.O.A.P. stands for Scripture, Observation, Application, and Prayer. Each day, you'll want to do four things:

1. First, **read** the assigned Scripture passage
2. Second, **observe**. Take some time to write what you observe in the passage. What words or phrases stand out? Who speaking in this passage? Who is being spoken to? What is commanded here? What is talked about here?
3. Thirdly, **apply** the Scripture. Ask yourself, "What is God inviting me into after reading this passage today? How does this passage correspond to the theme of this week?"
4. Finally, **pray**. Write out a prayer to God based off the passage you read.

Let's start with this week's topic: **family**.
